

# Provider Update

## Virginia Premier Announces Changes to the Provider Remit and 835 File Process

Date: 5/20/2021

Virginia Premier has made changes to improve the provider remit and 835 file process. Beginning June 1, if providers have an advance balance outstanding, the provider will see a cumulative total of balances owed, to include any previous forwarded balance information.

This change will also be effective on the electronic 835 files and will help providers more clearly identify advance balances and improve the remit experience. If you have questions on this change, please contact our Claims Customer Service department.

### Sample Remit

#### EXPLANATION OF PAYMENT MEDICAID PAYMENTS

Page 2 of 114

Payment Date:	04/20/2021
Total Claim Pymt:	(\$2,163.01)
